

Obuda University Kandó Kálmán Faculty of Electrical Engineering (KVK)		Institute of Instrumentation and Automation (MAI)		
Name and code of the subject: Project II. (Automatic Production Systems) KMAO422AND Credits: 3				
Professional fields where this subject is educated:				
Subject leader:	Dr. Boráros-Bakucz András	Teachers:	dr. Schuster György, Sándor Tamás	
Prerequisites: (Codes)				
Number of lectures:	Lecture: 0	Th. practice.: 0	Laboratory: 2	Consultation: 0
Requisite (e,s,si):	s			
Education material				
<i>Goal of the subject:</i> During the semester student should do a project step by step alone or in a pair. Topic of the project can be given by the teacher or suggested by student. The level of achievement of the given project is determined by the teacher				
Topics:			Lectures	
Project choice and discussion.			1.	
Information and plane discussion.			2.	
Work on the project			3.	
Work on the project			4.	
Work on the project			5.	
Presentation for other students and teacher			6.	
Work on the project			7.	
Work on the project			8.	
Work on the project			9.	
Work on the project			10.	
Work on the project			11.	
Work on the project			12.	
Prepare for presentation.			13.	
2nd presentation, and marking together other students.			14.	
Semester demands				
Students should have two presentations during the semester. The final mark is from these marks. The second mark is twice as large as the first. Student should protect her/his project against other students question.				
Literature:				

Obligatory: part of the project to find the appropriate literature for the given topic
